

Seal your countertops
and stone surfaces permanently
with Granite Shield

HOW IT WORKS

The Granite Shield™ process utilizes multiple catalyzing polymers inside the stone. We then carbonize the surface pores with Crystasheen™ leaving a harder, smoother, glossier surface inside and on top of your natural stone.

Easy Cleaning
Bright Shine
Never Seal Again

GRANITE SHIELD

Floors, Tops, Walls, Kitchens,
Baths and Halls....
We Seal It All!

Seal your stone surfaces
permanently and safeguard
your investment

Why Use Granite Shield?

Why use Granite Shield on your stone countertops and surfaces? The standard sealers in the industry today are penetrating sealers. This means they are absorbed down into the porous stone and away from the surface. Oils and stains can still damage the surface of your stone. Granite Shield forms a stain proof barrier on the surface, filling in the uneven nooks and crevices of your stone. This barrier stops the oils and stains from entering your stone. Granite Shield will last the lifetime of your stone surface.

Transferable Limited LIFETIME WARRANTY

Granite Shield is under warranty for the lifetime of the coated surface against any adverse change to the coated surface, including appearance, visual clarity, and staining of the coated surface. If any such adverse changes occur after the Granite Shield process has been applied, Granite Shield will repair and recoat the applicable surface at Granite Shield's expense. Flooring is under warranty for 10 years from time of application, 5 years at 100%, years 6-10 are prorated. For warranty issues call toll free **877-477-3254**.

Complete floor and stone restoration available

Luis Carreras from L.P. Carreras & Associates writes, "First of all, I would like to thank you for the prompt and professional service I received from you and your staff at Granite Shield. I would also like to share with you a little story of an event that occurred a couple of days after you completed the job. At about 3 in the morning I was awakened by my teenage son advising me that his bathroom was overflowing with water. I quickly got up and was greeted with his bathroom having about 1/4 of an inch of water from an overflowing toilet. I quickly shut off the water supply to the toilet and proceeded, with my wife and son, to clean up the mess.

To my great surprise, the Travertine floor that had been treated by your company actually held out the water and as soon as we dried it up, the floor showed no water spots of any kind. As a matter of fact, the bathroom is located on the second floor and to my great surprise we had no leakage onto the first floor. You may use this testimonial if you so desire, as part of your advertising as I am very happy with the way your "Granite Shield" has functioned thus far. I have and will continue to recommend your company. Very truly yours, Luis P. Carreras, EA, AT"

Granite Shield adds a lifetime of value...

Dear Granite Shield,
After our wonderful kitchen refacing/remodel by Kitchen Plus, and at their suggestion, we had Granite Shield applied to the Labrador Antiqua countertops. The application made the color richer and the surface feel even smoother. That was not the best part. NOTHING gets through Granite Shield. Everything, dripping glasses left over night, spilled wine, liquor, etc. just wipes off with plain soap and water and buffs with a cotton towel, easily, to the original, beautiful finish. We are so pleased that we listened to Dave at Kitchen Plus and got the Granite Shield. We have recommended it to anyone we know who has granite or is considering purchasing a new countertop.

Sincerely,
Dorothea P. Kalby
Bellevue,
Washington

Debbie Burton of Prudential Realty Mission Viejo, CA, says:

I offer Granite Shield to all my clients that buy or sell a home through me. I believe in the product and highly recommend it. I even have it on my own granite, marble, glass including my stainless steel appliances and toilets. Granite Shield seals everything, especially granite, with a lifetime warranty on the countertops, which is transferable to the new homeowner making my job easier to list and sell my client's home. Please feel free to have your customer contact me at 949-433-5996 or visit my website at www.DebbieBurton.com.
